Fall - Winter 1969 A Message from National Headquarters

by Jules Philip Colbert
National Secretary-Treasurer

Your National Headquarters has now been back "home" for a little over a year on the campus where it was founded some 65 years ago. As all members know, Sigma Tau came into being on February 22, 1904 when twelve upperclassmen in the College of Engineering at the University of Nebraska organized the Fraternity and thus became Alpha Chapter.

National Headquarters were maintained in Lincoln until March of 1958 when, following the death of our National Secretary-Treasurer, Professor C.A. Sjogren, the headquarters were moved to Tulsa, Oklahoma. Headquarters remained in Tulsa for ten years with the late Clarel B. Mapes serving as Secretary-Treasurer. In September of 1968 National Headquarters moved back to Lincoln and on to the campus where hopefully the office will remain in perpetuity.

On pages 22 to 28 of the Constitution and By-Laws of the Sigma Tau Fraternity - 1967 Conclave Edition is an article entitled "Sigma Tau" written by Morris Henry Cook (Theta '21). This article, which outlines the history, purposes and ideals of Sigma Tau better than any article we have seen in a long time, should be read by every initiate; and perhaps of more importance should be re-read by every Sigma Tau at least once every year. Brother Cook served on the National Council for a period of some twenty-six years during which time he served as both National Vice President and National President. During a professionally busy and active life, Sigma Tau has been one of his abiding interests, and his contributions to the Fraternity have been invaluable. Brother Cook has recently retired from the American Bell Telephone Laboratories in New Jersey, but will never retire from his love for Sigma Tau.
